Every Business Must Have Their Maps & Google My Business Optimized And Get On Google Local 3 Pack If They Want SEO Traffic.

Google My Business has gone far beyond a simple business listing, and thanks to a wealth of features and functions, is now considered a core part of local SEO.

According to Search Engine Watch, a top map listing on Google receives 33% of the traffic, and the organic listings receive 40% of the clicks, taking home the gold.

That said, how do you rank your business higher on Google in all aspects to gain more traffic?

Complete & accurate Google My Business listings get 7x more clicks & 70% more likely to attract visitors.

Google My Business can be one of the most valuable tools for any local business – one that can help you gain customers or clients and, most importantly, revenue.

Moreover, Google, and the pandemic, have made GMB into the most important local marketing tool for SMBs and multi-location brands.

- Every month an average business gets 59 actions from GMB listing & 49% of the business gets 1,000+ views monthly.
- Eighty-six percent of people look at the location of a business through Google Maps (Backlinko, 2020).
- Businesses enjoyed a 61 percent increase in calls from January to July 2020 thanks to their Google My Business listing (Small Business Trends, 2020).
- More than 5 percent of views on a Google My Business page result in a conversion (Search Engine Journal, 2019).

- Mobile queries centred around “where to buy” and “near me” keywords increased by over 200 percent in the last two years.

The events of the pandemic have catapulted GMB into the digital marketing spotlight.

Post the Covid-19 pandemic, it's more crucial than ever that you utilize and optimize GMB to display accurate, updated information about your business.

If your business hours or description is out of date, you can lose a customer's trust and miss out on the lifetime value of the relationship.
